

THE WEATHER REPORT

Forecast: Oklahoma—Fair Thursday and Friday; moderately warm. TULSA, Aug. 12.—The temperature: Maximum 85, minimum 61; south winds and clear.

ENTIRE ARMY IN U. S. TO BE SENT TO THE BORDER?

Raiding and Guerilla Fighting Terrorizes South-east Texas.

12,000 MORE TROOPS ARE READY TO LEAVE

Armed Forces Wait On American Side for the Mexican Invaders.

WASHINGTON, Aug. 11. Raiding and guerilla fighting in Texas along the Mexican border will be met by strengthening the United States forces there, if Major General Funston requests it. Secretary Garrison and other officials insisted today, however, that any such troop movement had no connection whatever with Mexican internal affairs and would be only for protection of Americans in that district.

War department officials could get no full and satisfactory information of the character of the raiders. One report was received here that about one thousand Carranza troops from the Tamaulipas garrison of General Navarrete had been crossing into southeastern Texas in the vicinity of Brownsville to rally Mexicans in the state to an uprising. It was said they were under command of Juan De Los Santos, Vincente Davila and Carlos Garcia.

Secretary Garrison said he had no information of that character and added that if Carranza troops were found in Texas they would be disarmed and shot if they resisted. Advice from Carranza sources at San Antonio declared there were no such leaders as Santos and Garcia and that Davila was far from Brownsville. They denied that any Carranza troops had crossed the line.

Seek More Troops. Texas rangers in Hidalgo county captured a flag bearing in Spanish the inscription "Army of Liberation for Mexico" and officers at Brownsville said that for several days thirty to forty Mexicans had been crossing into Texas each day, some of them having the appearance of soldiers and carrying cartridge belts. Requests for more troops came to the war department from officials along the border and have been referred to General Funston, upon whom Secretary Garrison depends for report whether he can handle the situation with the force available. Funston has ready on the border and at Texas City about seventeen thousand troops, infantry, cavalry and artillery. Secretary Garrison telegraphed the general today that the 12,000 mobile troops remaining at other posts on continental United States would be sent to the border if he asked for them.

Funston Blames Politics. General Funston reported that the best information he could gather indicated that the raids in Cameron, Hidalgo and Starr counties were directed by Texans having headquarters in Brownsville, who having a political feud, sent bandit gangs to rob and attack each other. Secretary Garrison expressed doubt that Mexicans from over the border were responsible for all the disturbances and emphasized that the troubles had no connection with internal affairs in Mexico. "Conditions on the border," said Mr. Garrison, "have no political significance. Lawless people are using this time of excitement to plunder and steal and we are not sure that all the lawbreakers are Mexicans. Some of them we know are not."

Further strengthening of the border

The Door Caved in and There They Were; Another Man's Wife With Another Woman's Husband in Jail

WHEN Ralph Burson, Santa Fe agent at Okechela, Okla., accompanied by Detectives Lawrence Bewley and James Patton, broke down the door of a room in one of the larger Tulsa hotels at 10:30 o'clock last night, they found Burson's wife, Mrs. Goldie Burson, and Dr. P. E. Cates, a prominent dentist of Cedarville, Kansas, in the room. Mrs. Burson was with another woman, Mrs. L. E. Cates, who was a companion of Mrs. Burson. The hotel register showed wherein the couple had arrived last Monday and secured the apartment after registering as "Dr. and Mrs. L. E. Cates." This morning before Judge J. H. Clark in police court Cates will face a charge of lewd conduct, but it is probable a warrant for his arrest on a statutory charge will be ready for service after which he will be given in charge of the county authorities pending further action by Burson.

Mrs. Burson was not locked up, although she emphatically conveyed that she didn't care what happened to her. The pleadings of her little son, brought along by the father and husband, finally induced her to accompany Burson to a hotel for the remainder of the night and promise the police authorities to return to her home this morning.

"Twas Personal Magnetism." According to Burson his home was one of the happiest in Okechela until a few weeks ago, when Mrs. Burson had occasion to have her teeth treated

SINKS BRITISH SHIP AND THEN HIS OWN

Warship Ramsey Sent to Bottom by the German Steamer Meteor.

ENTIRE CREW SAVED

Teuton Commander Sinks Vessel When Pressed by the Enemy.

LONDON, Aug. 11.—(8:10 p. m.)—The British warship Ramsey was sunk in the North sea by the German steamer Meteor, it was officially announced tonight. The Meteor, as she was being chased by British vessels, was blown up by her commander, the state adds. The text of the statement follows: "H. M. S. Ramsey, Lieutenant S. Bab, R. N. R., a small armed patrol vessel, was sunk by the German armed fleet auxiliary steamer Meteor on August 8, in the North sea. Four officers and 39 men were saved."

The Meteor subsequently sighted a squadron of British cruisers and her commanding officer, realizing that escape was impossible, ordered the crew to abandon the ship and then blew her up.

The admiralty in a casualty list issued tonight says that five officers and 39 men were lost in the sinking of the torpedo boat destroyer Lynx, when she struck a mine in the North sea last Monday.

The Meteor was formerly owned by the Hamburg-American Steamship company and was built at Hamburg in 1904. She was of 3,615 gross tons; 328 feet long, 44 feet beam and 18 feet deep.

The Ramsey was a merchant vessel which went in commission in the British navy in November, 1914.

Austrian "Sub" Sunk. ROME, via Paris, Aug. 11.—(11:55 p. m.)—It is officially announced that the Austrian submarine U-12 has been torpedoed and sunk with all hands in the upper Adriatic sea by an Italian submarine.

WILSON ON WAY TO WASHINGTON

ON BOARD PRESIDENT WILSON'S SPECIAL NEW HAVEN, Conn., Aug. 11.—President Wilson left Cornish, N. H., at 3 o'clock this afternoon and will arrive in Washington tomorrow morning.

While the president has recalled none of the members of his cabinet to Washington, practically all of them are expected to be in the capital in time for the regular cabinet meeting Friday morning.

BRITISH FIGHT IN STRAITS TO HELP RUSSIANS

Sorely Pressed Slaves Are Greatly Weakened by Munitions Shortage.

ALLIES CLAIM GAINS ON THE GALLIOLI

16-Inch Cannon Trained by Germans on Kovno; Submarines Again Active.

LONDON, Aug. 11.—(9:45 p. m.)—While Russians are fighting desperately to extricate themselves from the cordon of Austro-German troops which are steadily pressing them more closely in Poland, their allies are working feverishly and with considerable success to open the Baltic through which they hope to pour into Russia much needed munitions of war.

Since Saturday night when fresh British forces were landed on the Gallipoli peninsula there has been almost continuous fighting on the Kithria road. In these operations the Australians and New Zealanders in the Anzac region, 8 name taken from the initial letters of the words "Australian New Zealand army corps," have co-operated with new forces to the north. Following the successes of the troops on the Kithria road and those to the north of the "Anzac" zone, the Australians and New Zealanders took the offensive yesterday and succeeded in troubling the area formerly held by them. Their comrades to the north who assisted them made no further progress, however.

Turkish Guns Silenced. Simultaneously the French battleship Saint Louis attacked the Turkish batteries on the Asiatic side of the straits, which had been bombarding the allied position on the peninsula and putting five guns out of commission. The allies are believed here to be preliminary to a much more ambitious attempt which has been planned by the Anglo-French commanders to sweep the Turks before them.

Heavy losses which already have been inflicted on the Turks have had a discouraging effect upon the Ottoman troops, according to reports from Greece.

On the eastern front Kovno is the danger point in the Russian line. The armies of Grand Duke Nicholas apparently have arrested the German offensive against Biega and Dvinsk but are being hard pressed on the Kovno front, which the Germans are attacking with guns of all caliber, including the famous 16-inch cannon which no fortress hitherto has been able to withstand.

On the western front little has happened beyond the usual artillery engagements.

Submarines Active. German submarines have renewed their activity and in the last three days have sunk eighteen vessels, ten of which were British trawlers and

MISS KIMMONS TO GIVE FREE RECITAL

All Former Concerts Have Been Played by Men; To Be Held Next Sunday.

All of the free Sunday afternoon pipe organ concerts given at convention hall this season have been played by men, but next Sunday the feminine contingent will have its turn when Miss Lynette Kimmons, popular and ambitious young church organist of Tulsa, will officiate at the console.

It will be the first concert in three weeks, the one scheduled for last Sunday having been postponed until August 22.

Miss Kimmons has arranged an attractive program for the occasion and should be greeted by a large crowd. The concert will begin at 3 o'clock.

W. R. Guiberson, vocal soloist, will assist. He is one of the most popular and talented male singers in the state and has a large following in Tulsa, who will no doubt be present at the Sunday concert.

The program follows: Offertoire de Ste. Cecile... Basille Fantasia in E Minor... Merkle-Eddy Miss Kimmons... Van de Water It is Enough (Elijah)... Mendelssohn Mr. Guiberson.

In the Morning... Grieg Torchlight March... Guilmet Meditation (Thais)... Massenet Pilgrim's Chorus... Wagner Humoreske... Dvorak

Children of Suffraget, Who Live by Themselves in Lonesome Tent by the Seashore, Deny They Are Mistreated

ALBERT MAINLAND, LOUISE MAINLAND & MRS. MARY MAINLAND

NEW YORK, Aug. 11.—The two Mainland children, Albert, 16, and his sister Louise, 19, want to go back to their tent on Lawrence beach, from which they were taken by policemen a few days ago, after a storm had blown down one of their tents, and their mother was called before Judge Sprague of Lawrence, L. I., to answer charges of neglecting her children.

Mrs. Mainland is a suffrage worker and left the children in a tent, two miles from a house, while she made suffrage speeches in the Bronx and other parts of greater New York. The children deny that they were neglected, saying that they were perfectly capable of taking care of themselves, that their mother had given them plenty of money with which to buy food, and that they wished no one would leave them alone.

Mrs. Mainland gave as her reason for allowing the two children to stay at the beach alone, that she wished to keep Louise out of the bad influence of the streets around their home in Jamaica. She is compelled to work to support her children, since their father died a few years ago. She is paid by the suffragists to make speeches for the cause. Both children are expert swimmers and are known as heroes and exceedingly healthy from their outdoor life. Albert is almost six feet tall and still growing.

MEXICAN SCHEME IS TO RECLAIM TEXAS

Every American Male Over 16 to Be Killed by the Invaders.

PLANNED SECRETLY ALTER SPECIFICATION

General Funston Says More Troops Likely Will Be Needed.

SAN ANTONIO, Aug. 11.—Major General Frederick Funston has sent a report on the border troubles showing that the organizers are enlisting Mexicans under the "plan of San Diego," which calls for the death of every American male over the age of 16 in the states bordering on the Rio Grande and New Mexico, Colorado, Arizona and California. This would be followed by the seizure of these states and the establishment of a republic for Mexicans, negroes, Japanese and Chinese. The seizure of the Rio Grande valley country, once a part of Mexico, was to be the first step.

The portion of Texas which the

New Rules of Safety Made by Redfield

LATEST ORDER LOOKING TO SAFETY OF PASSENGER TRAFFIC ON THE GREAT LAKES IS OUTGROWTH OF SECRETARY'S EASTLAND INVESTIGATION.

WASHINGTON, Aug. 11.—Changes in the rules and regulations of the steamboat inspection service and the appointment of a special committee to recommend steps for safeguarding passenger traffic on the Great Lakes, were ordered by Secretary Redfield of the department of commerce today as a result of his investigation of the Eastland disaster at Chicago.

New regulations will be based upon the report of the board of inquiry.

APPEAL IN NAME OF HUMANITY TO END CIVIL WAR

Final "Peace Note" to the Mexicans Is Agreed Upon at Conference.

WILL BE SENT WITHIN FEW DAYS TO LEADERS

Conferees Say Intervention Is Remotest in Wilson's Program.

NEW YORK, Aug. 11.—Secretary Lansing, on behalf of the United States government and the diplomatic representatives of Brazil, Chile, Argentina, Bolivia, Uruguay and Guatemala, today signed an appeal addressed to the leaders of all factions in Mexico petitioning them in the name of humanity and national patriotism, to cease their civil strife and assemble a peace conference.

The action taken after a two-hour session was not of a joint character but identical as an informal but unanimous note expressing the views of their several governments that the conditions of chaos in Mexico had injured the prestige of the nation abroad, and supplicating the Mexican leaders and generals to make a supreme effort to bring together all elements in the creation of a provisional government that can be given worldwide recognition.

Beyond this step today's session did not go, reserving until a later day consideration that may be created by a refusal of some of the factions to participate in a peace conference. There was no discussion in fact of eventualities, notwithstanding that press dispatches reported to Carranza's outspoken objections to the Pan-American method of settling Mexico's struggle. The assembled diplomats simply took the view tonight that when their appeal, which is to be transmitted in Spanish in a day or two, is fully discussed to General Carranza, he will not abscond, stand their purpose or accuse them, as he has of attempting to interfere with the internal affairs of Mexico.

Diplomats Optimistic. When the conference adjourned tonight there was a feeling of optimism and confidence that a decisive step toward restoring Mexico to her place in the family of nations had been taken. The appeal, which is brief and courteously phrased, calls upon the Mexicans to consider the injurious effect throughout the world which the constant turbulence in Mexico has caused. The petition suggests that a peace conference be held on neutral territory in Mexico far from the roar of cannon. The government's signing it expresses their willingness to act, if invited, in any practicable way to assist in bringing the factions together for the conference.

The communication will be given

GRANT M'CULLOUGH IS BACK FROM THE COAST

Scenery Grand in the West, but Can't Beat Tulsa's Summer Resort Weather.

"Back again and glad of it, but had a splendid trip," said Grant M'Cullough, president of the First National bank yesterday, upon returning from the Pacific coast.

Mr. M'Cullough made the trip on the special train run to the coast by Akard Shrine Temple of Tulsa.

"At every point where the train stopped," he related, "we were met by entertainers and bands, and a splendid entertainment had been provided for us in each place. These incidents, of course, served to make the journey all the more interesting."

After visiting the exposition and other coast points Mr. M'Cullough returned home by way of the Grand Canyon of Colorado.

"The scenery is worth seeing," he declared, "and it's a great trip to make once."

"However," he added smiling, "I understand that you have been having regular Colorado summer weather here recently. I'm glad to hear that, for it means that the burden of people who have left during the month of August in past years to escape the heat will stay at home this season and attend to business. Signs are evident on all sides of building activity, which usually does not start until the fall months, is under way, merchants are feeling better than usual, and all lines of industry are doing a better business than during last August."

Mr. M'Cullough declared that he "couldn't" trade Tulsa for the exposition, the Grand Canyon and all the cities in the west.

Polly Ann Goes East. GRAND RAPIDS, Mich., Aug. 11.—The third day's Grand Circuit program here was featured by the work of Polly Ann, a bay mare locally owned and driven, which won the 2:12 class pace from a field of fast starters. It was the mare's first big time race and the last three heats which she won, she finished well in front, the only fight being for a second place.
